Coming from the polar opposites of England's green and pleasant land **Generator**, the UK's leading Music Development Agency alongside their partners in all things progressive in the **South West Bristol Music Foundation**, invite you to a 'Brown Ale and Scrumpy' session at the **The Founders Room** at the **Dome** on **Friday 14th May from 6 til 7pm**.

Get over the accent clash and hear a snapshot of contemporary sounds from the homes of some of the world's finest ever music. It ain't all coming from London, it's coming from the corners.
